

ANTI-LIGATURE CALL SYSTEMS

TUFFCOMM

SAFETY YOU CAN HEAR

FOR DV SHELTERS & CRISIS CENTERS

BUILT TO CONNECT DESIGNED TO PROTECT

Anti-ligature SIP phones, engineered for crisis environments.

THE PHONE — JR201-FK-VC-SIP

Vandal-Resistant. Cord Shortened for Safety.

- ✓ Custom 12" armored cord — built short to cut ligature risk
- ✓ Stainless housing takes a hit and keeps working
- ✓ Plugs straight into your crisis-line PBX — SIP / PoE

THE HOOD — TH-04

No Edges. No Ledges. No Risk.

- ✓ Sloped, rounded shell — nothing to grab, hook, or tie off
- ✓ Shields the phone from weather, tampering, and impact
- ✓ Available in 4 colors to match your facility

THE COMPLETE BUNDLE • Phone + Hood + optional SIP setup = one call station, ready to mount and dial.
